Our True Power Source

--The story is told of someone who plugged a power strip into itself and then couldn't understand why the system wouldn't turn on! We get a kick out of such tales, yet how often do we try to "power" our own lives? We frequently think we need to be the source of our own strength, joy, peace, energy and wisdom.

--Jesus doesn't teach us to find life within ourselves – or in any human being or earthly circumstance, object or philosophy. Rather, calling himself the good shepherd, Jesus says, "I have come that (my sheep) may have life, and have it abundantly" (John 10.10).

--We don't access that abundant life by "plugging into" ourselves. Instead, Jesus invites us to plug into his power – and joy, peace, hope, truth – through prayer and Scripture, worship and service, fellowship with other Christians and the beauty of God's world.

I would like to thank everyone for their cards, candy, food, and visits while I was in the hospital.
